## CANADIAN MINING HALL OF FAME

The Canadian Mining Hall of Fame recognizes outstanding achievement in the mining industry, celebrates individual leadership and aims to inspire future generations in mining. Founded in 1989 as a charitable organization, the Canadian Mining Hall of Fame has become a permanent and influential presence in the Canadian mining industry by promoting and sharing the significant contributions of individuals who have shaped Canada's global mining industry.

THE CANADIAN MINING HALL OF FAME  
IS GUIDED BY A CORE SET OF VALUES FROM WHICH WE NEVER WAIVER:

### JUDGE WITH INTEGRITY.

By following a fair, inclusive and accessible process.

### PRESERVE HISTORY.

By capturing and sharing the stories and perspectives of mining leaders.

### CELEBRATE EXCELLENCE.

By recognizing the achievements of individuals who have made mining great.

### INSPIRE PRIDE.

By championing mining and its important contributions to Canadian society.

Over 195 industry leaders have been inducted into our Hall of Fame. These individuals are explorers, company builders and community supporters. They are geologists, engineers and philanthropists. Above all, they are proud champions of Canadian mining.

The inspiring story of mining in Canada can be told, in part, through the stories of these industry leaders.

**And we need your support to find, formulate and broadcast these stories.**
