

CANADIAN MINING
HALL OF FAME

2023 INDUCTEES NOMINATION FORM

FOR THE 34TH ANNUAL
INDUCTION CEREMONY

NOMINATION GUIDELINES

Although anyone may nominate a candidate for induction into the Canadian Mining Hall of Fame (CMHF), nominations must be submitted through one of the CMHF member or associate member organizations.

Please contact the member or associate member organization to which you wish to submit a nomination by **May 1**; and deliver nominating material to the member or associate member organization by **May 31**. Contact information is included on the following page.

Each nomination must contain the information requested in this form.

While completeness and accuracy are important, submissions should at the same time be as **concise as possible**. A **maximum length of six pages** per nomination is suggested, not including letters of support.

The member organization will submit the documentation to the CMHF. The closing date for receipt of nominations by the CMHF is **July 20**.

Selection of the individuals to be inducted will be made by the CMHF Board of Directors, whose decision will be final. Lobbying, which generally implies approaching members of the CMHF Board or staff on behalf of or to promote a nominee, is not allowed and may result in the rejection of the nomination. Selection will be based solely on the Criteria for Selection. Unsuccessful nominations are returned.

Nominations may be submitted up to **three times** but must be submitted through a member organization each time.

MEMBER AND ASSOCIATE MEMBER ORGANIZATIONS

Member Organizations

Canadian Institute of Mining, Metallurgy & Petroleum

NOMINATION FORM

Candidates for induction into the Canadian Mining Hall of Fame must be individuals who have demonstrated outstanding lifetime achievements to the benefit of the Canadian and/or world mineral industry in one or more of the categories outlined below.

Whether the benefit is to the Canadian and/or world mineral industry, there must have been a flow-back of significant benefit to Canada.

A lifetime of service to the industry will normally be evaluated after the individual has reached the age of 65 years or is deceased. Candidates need not be Canadian citizens.

Date:

Section 1: Nominator

Name:

Address:

Phone:

Email:

Relationship to candidate:

☐ Colleague

☐ Peer

☐ Family

☐ Friend

Sponsoring Organization:

☐ CIM

☐ PDAC

☐ OMA

☐ MAC

☐ AME BC

☐ QMA

☐ The Northern Miner

☐ MABC

☐ SMA

Section 2: Current Nominee Information

Name:

Address:

Phone:

Email:

Date of Birth:

City of Birth:

Nationality:

If deceased, next of Kin:

NOMINATION FORM

Section 3: Categories of Achievement

In your write up, please indicate explicitly the categories of achievement which apply to your nominee, amongst the following:

EXPLORATION

- Discovered one or more “**elephant**” deposits of the nature of Horne, Sullivan, Kidd Creek, Brunswick, Voisey’s Bay, etc.;
- Discovered a number of **significant** orebodies of one or more types;
- Introduced a successful theory, principle or exploration technique that had a **major impact** on the subsequent discovery of significant mines;
- Overcame exceptional obstacles or difficulties (weather, isolation, opposition, etc.) in the discovery of one or more **significant** mines.

BUILDING THE CORPORATION

- Exercised outstanding acumen in assembling several properties which formed the basis of a **successful** Canadian mining company;
- Assembled an outstanding team of individuals to carry on the work of building a **major** corporation;
- Demonstrated entrepreneurial skill and innovative strategy in plotting the direction of the firm;
- Displayed **unusual** managerial capability in directing one or more **significant** corporations over a career involving management of change, revitalization, etc.;
- Directed the development and start-up of several operating mines under difficult circumstances, including ground conditions, climatic conditions, etc.;
- Built an outstanding company providing goods and/or services to the mining industry.

TECHNICAL CONTRIBUTION

- Developed and/or implemented one or more technologies or operating methods that have had a profound impact on the firm, a major mine, operating practice and beyond;
- Developed instrumentation, equipment or other devices which contributed to the efficiency, health and safety and/or environmental performance of the exploration and mining industry;
- Provided significant geoscience data or scientific knowledge that impacted exploration, mining or processing success.

SUPPORTING CONTRIBUTION

- Made an **outstanding** contribution, in the case of an individual associated with the mineral industry, in such areas as:
 - education or professional development;
 - supportive public policies or government programs;
 - communications and information.

MINING IN SOCIETY

- Demonstrated **outstanding** achievement in reconciling the business goals of the industry to those of Canadian society in general, through such means as:
 - support for worthy causes;
 - increasing the public understanding of mining;
 - environmental improvement;
 - improved governmental relations;
 - employment and engagement of Indigenous people;
 - promoting inclusion and diversity in the sector;
 - significant contribution to ESG issues;
 - building bridges of understanding to other segments of Canadian society.

NOMINATION FORM

Section 4: Nominator Letter

In this letter the nominator should outline why the nominee should be inducted addressing, as appropriate, the key elements of the five sections above.

The letter should be as inclusive as possible and serve as guidance for the authors of the letters of support, but not more than two pages long. Not all of the elements of section 3 are expected to be addressed.

Section 5: Supporting Documentation

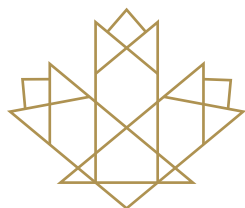

Please provide all of the following information on a maximum of six pages.
(Each item does not require a separate page)

1. Curriculum Vitae/Career History (limited to one page)
2. List of Memberships in Professional and Industry Associations
3. List of Publications (summarize as required to fit on one page)
4. A description of awards and other recognition
5. Any other information in support of the nominee

PLUS Supporting Letters (minimum of 5 and a maximum of 10)

Authors of supporting letters should identify their position, role and the nature of their knowledge and relationship with the nominee. The nominator should encourage the letter writers not to repeat what has already been written by the nominator but to add their own insights to the appropriateness of the nomination. It would be advisable for the nominator to share the categories for which the candidate is being proposed (Exploration, Building the Corporation, etc.) so that the letters of support provide additional evidence of the candidate's achievement in these areas.
